ALEXANDRIA IN GRIP OF STORM

Wind, Hail, Thunder and Lightning Yesterday and Last Night.

NO SERIOUS DAMAGE

Thrilling Scenes on River While Elements Are at Work—Trees Prostrated and Limbs Sail in Air.

Alexandria and vicinity was in the grip of a terrific electric, rain and hail storm yesterday evening and last night, and although no serious damage resulted considerable apprehension was manifest. So far as known, about all the havoc caused by the elements was in the way of damage to trees. Several were blown down in different sections of the city, while branches were twisted from many.

There had been thunder storms every day last week. Rain fell in torrents Saturday afternoon, which brought about considerable relief from the terrible heat which had prevailed, and between four and five o'clock yesterday morning copious showers fell, accompanied by thunder and lightning. It was supposed that the temperature would be more pleasant after these heavy rains, but as the day grew older the heat became uncomfortable, and the humidity was oppressive.

The western heavens became overcast in the afternoon and distant thunder announced the approach of another rainstorm. Between four and five o'clock heavy black clouds were rolling from the northwestern heavens, and when they reached this city they brought darkness so great as to render it necessary to turn lights in houses. The lightning became vivid, followed by heavy peals of thunder. The wind in the meantime had reached a high velocity, causing no little tremor to all nervous persons, who were apprehensive lest a storm similar to that of July 31st last year, which caused so much damage was to visit the city.

Rain mingled with hail was soon dashing against windows, trees were swaying and the lightning incessant. There was a short lull in the work of the elements in about half an hour's time, but the clouds soon gathered again, and while the darkness was not so pronounced, the rain fell as heavily as ever. These conditions continued until nearly midnight, when, to the relief of all, stars began to glimmer.

There was intense excitement on the river front when the first storm broke. People who owned motor boats moored in the docks experienced great difficulty in preventing the high wind from blowing them out into the river. In some cases lines were snapped nad anchors dragged.

A motorboat containing Charles Rambo and George Nalls with their families was off the shipyard while the storm was in the height of its fury. In the darkness and excitement the boat struck sunken piles, a short distance from the old wharf. The bottom of the boat was stove in and it began to settle as though about to sink. The two men, with remarkable presence of mind, carried the members of their families upon their backs to places of safety making several trips in order to do so. The boat did not sink, as it was supposed would be the result of the accident, and it was later released from the pile and brought into the dock at the shipyard.

It was for a time supposed that disasters had overtaken other motor boats which, it was averred were seen off the city when the elements got to work. Several persons were positive in statements that a gilling skiff off the shipyard had sunk. Several persons allege they saw the boat a few minutes before the wind began to blow and that it suddenly vanished. If any fatal accident occurred it could not have been to an Alexandrian, as no one from this city is missing.

The storm was especially severe in Washington, where several houses were struck by lightning. In Baltimore hail as large as marbles fell during the storm.

At Burke, Fairfax county, Va., a terrific wind hit a settlement of about 100 homes, created considerable damage to wheat and to fruit trees, and cut off communication with the outside world.

"A lumber yard belonging to Fleet Dyer, one of the more prominent lumber dealers in that section, was wiped out with damages estimated at about $4,000. The home of C. E. White, agent for the Southern Railway there, had its roof torn off; a barn belonging to B. M. Merchant, a farmer, was completely destroyed, and three box cars on a siding were blown off the tracks."

Daniel Loughran, Jr., and a party of friends were aboard his launch, Augusta, when the engine broke down about 4 miles south of Alexandria. The launch Mary, of Alexandria, went to the assistance of Mr. Loughran and towed the Augusta to that city. Loughran and his friends returned to Washington by trolley. He reported that a cabin cruiser went down off Fort Foote when the storm was at its height. Soldiers rescued the four men who were aboard. Many small boats ran in to shoal water and anchored, but were blown across the stream, dragging their anchors.

River View, Md., a short distance below this city, practically was wiped off the map. The once famous resort now patronized by colored people, now is but a pile of debris, the big chute-the-chute collapsing at the height of the storm, while several other buildings were destroyed. The pavilion and ice cream stand alone escaped. The resort hotel was unroofed.

Several hundred negroes at the place during the storm were terror-stricken, and in returning last night on the steamer Angler told thrilling stories of escapes.

A half dozen or more valuable motor launches were sunk off the wharf at Marshall Hall, but no damage to the resort was done other than the breaking and uprooting of numerous trees.

From further down the river come reports of heavy damage to summer cottages and farmhouses. Numerous small boats are said to have been swept away, many sinking.

A motorboat from Washington was capsized off Fort Hunt, but the occupants were rescued by persons from the Maryland shore who went to their rescue.

The Columbia Sand Dredging Company of Washington gives their employees a Sunday excursion during the summer. The party left yesterday on a barge in tow of a tugboat. The deck of the barge was covered with canvas. The party were on their return trip when the storm broke. The canvas was ruthlessly torn from its fastenings and while it was being lashed by the high wind the excursionists were pelted by rain and hail. The barge passed this city about 7 o'clock in a bedraggled condition.

Although the property loss caused by yesterday's storm in this vicinity was small, untold damage was done to the trees which were uprooted and mutilated in this vicinity by the fury of the gale. At Mount Vernon more than thirty of the historic trees, many of them centuries old, were blown down.

At Collingwood Club five miles south of Alexandria, the magnificent grove of oaks which surround the old Snowden residence, was badly damaged, and the falling of the heavy limbs of the trees against the clubhouse caused the greatest consternation among the members of the club.

A portion of the stable nad the silo at the dairy farm of Edgar Thompson, four miles below Alexandria, were blown down.

TWO YOUNG GIRLS LOSE THEIR LIVES

Loretta Kelly and Helen Leona Downey Drown at Dyke.

GET INTO DEEP WATER

Pall Cast Over Alexandrians at Resort—Bodies Brought to the City in Storm Last Night.

Early yesterday afternoon a pall was cast over the many Alexandrians who were passing the day at the Dyke by the drowning of two thirteen-year-old girls of this city. They had been bathing and while so engaged suddenly found themselves in deep water. They seized each other, disappeared in what is locally known as the "suck hole," at that place and drowned in each other's arms. The victims of this sad accident were Helen Leona Downey, daughter of Mrs. Ellen M. and late John T. Downey, of 721 Gibbon street, and Mary Loretta Kelly, daughter of Mr. and Mrs. Thomas F. Kelly, of 327 south Alfred street.

Versions of the accident vary in some minor particulars. Some say the girls while in the water caught hold of a rowboat which was passing them and allowed themselves to be towed out from the shore. The man in charge of the boat warned them of their danger, as they were likely to be taken into deep water. Neither could swim, and they were prevailed upon to release their hold upon the boat nad return to more shallow water. They, however, in their gambols gradually moved away from the shore, and eventually found their feet sliding downward. To their horror, they realized that they were being forced by the strong outward current into the dreaded "suck hole." They seized each other simultaneously and sank to rise no more.

John Raisons, who was at the bridge near the spot where the girls disappeared jumped into the water in hopes of rescuing them, but as they failed to reappear upon the surface he found himself powerless to render assistance.

Several persons were in close proximity to the unfortunate girls when they disappeared, but all seemed to have been impotent and unable to render succor.

Later William E. Hinken, Emmett L. Finks and William Ketland set to work to recover the bodies, diving for them. After about an hour's work Finks recovered the body of Miss Downey, and Hinken that of Miss Kelly. An electric car bearing the remains reached this city at eight o'clock last night while one of the electric storms which prevailed during the evening was at its height. The remains were taken to the homes of the parents of the dead girls. Justice of the Peace Kirby of Fairfax county, gave a certificate of death from accidental drowning.

A double funeral from St. Mary's Catholic Church on Wednesday morning at 9:30 o'clock has been arranged for the two young girls.

Separate cortages will leave the houses of the parents and will meet at the church where joint services will be held.

Another version of the sad affair is that the girls after taken hold of the boat allowed themselves to be towed some distance from the shore and when they finally let go they found themselves in deep water, and both sank immediately.

The relatives and friends of the unfortunate girls have the sincere sympathy of the entire community. Miss Downey, anticipating the pleasure of a day at the Dyke, left here yesterday morning to be the guest of Miss Kelly during the day. When the news of the sad accident reached this city it brought forth genuine expressions of regret.

A special meeting of the Children of Mary will be held in St. Mary's Academy, Tuesday evening at 7:30 to make arrangements to attend in a body the funeral of their two companions, Loretta Kelly and Leona Downey.

CARDINALS VICTORIOUS.

Win Out in the Ninth Inning—McBride And Snowden Star.

The National Athletic Club team of Washington, yesterday played the second game of the series arranged with the Cardinals and lost by the score: Cardinals, 5; Nationals, 4.

The Nationals made two runs in the first and third innings with Walter Allensworth in the box, and, in the remaining innings, although they had men on the bases at different times, the Cardinals by fine team work retired them in order when they tried to rally.

The Cardinals tapped Rector's offerings in a gentle manner in the early stages of the game, and the "stuff" he sent to them had the home lads guessing, but they gained one score each in the first, fifth, and seventh inning. "Steel-muscle" Risdon relieved Allensworth in the pitchers box when the Nationals had a two-run lead. In the ninth inning the loyal fans of Alexandria had a rare treat when with one out "Dick" Snowden knocked the ball over the fence for two bases. "Willie McBride the next lad up followed his comrades feat by sending the ball over the left field fence for two sacks, thus sending home Snowden with the run that made the game a tie. McBride stole third and "Pinchhitter" Bauer, one of the Cardinals' new players, hit a hard line drive to Russo at short, which was too hot for him to handle, and brought home McBride with the winning run.

Allensworth and Risdon both pitched excellent baseball for the Cardinals, and were ably supported by McBride behind the bat.

The battery work of the Rector twin brothers for the National was of the high order.

Runs made by Cardinals: McBride, 2; Nugent, 1; Owens, 1; Snowden, 1. Total 5. Nationals: Tony Russo, 2; T. Rector, 1; Marino, 1.

Umpire, Grafton "Bird" Trenary.

ARCHDUKE AND DUCHESS KILLED

Shot to Death While in Automobile in Capital of Bohemia.

HAD AVOIDED A BOMB

Sorrow Throughout Europe at Dual Horror—Emperor Francis Joseph About to Suffer Collapse.

Vienna, June 29.—While the flags at half-mast float from public buildings and many homes here, reports reach Vienna that scores of arrests are being made today in Sarajevo and that virtual martial law prevails as an aftermath of the assassination yesterday of the heir to the throne of Austria-Hungary nad his wife.

Mixed with the feeling of anger and sorrow which sweeps the empire today is solicitude for the aged Emperor Franz Joseph. The Emperor, careworn and feeble, a great sorrow adding to the weight of his years, arrived here at 11 o'clock this morning. The populace massed at the station, gave him a wonderful greeting tinged as it was by sympathy.

Ministers Berchtold and Tisza met the venerable monarch and immediately upon his arrival at the palace he called a ministerial conference. The greatest anxiety is felt that the Emperor may not survive this latest tragedy in his life. The heat is terrific and debilitating to one of the Emperor's age

Sarayevo, Bosnia, June 29.—Archduke Francis Ferdinand, heir to the Austria-Tungarian throne, and the Duchess of Hohenberg, his morganatic wife, were shot dead yesterday by a student in the main street of the Bosnian capital a short time after they had escaped death from a bomb hurled at the royal automobile.

They were slain while passing through the city on their annual visit to the annexed provinces of Bosnia and Herzegovina.

The first attempt aainst the Archduke occurred just outside the Girls' Hih School. His car had restarted after a brief pause for an inspection of the building, when Gabrinovics hurled the bomb. This was successfully warded off by the Archduke that it fell fiercely beneath the following car, the occupants of which—Count Von Boos-Waldeck and Colonel Merizzo—were struck by slivers of iron.

Archduke Francis Ferdiand stopped his car and, after making inquiries and lending what aid he could, continued his journey to the Town Hall. There the Burgomaster began the customary address, but the Archduke sharply interrupted and snapped out.

"Here Burgomaster, we have come here to pay you a visit and bombs have been thrown at us. This is altogether an amazing indignity."

After a pause the Archduke said: "Now you may speak."

On leaving the hall the Archduke and his wife announced their intention of visiting the wounded members of their suite at the hospital on their way back to the palace. They were actually bound on their mission of mercy when, at the corner of Rudolfstrasse and Franz Josef strasse, Prinzip opened fire.

A bullet struck the Archduke in the face. The Duchess was wounded in the abdomen and another bullet struck her in the throat, severing an artery. She fell unconscious across her husband's knee. At the same moment the Archduke sank to the floor of the car.

The assassins were interrogated by the police, nad both seemed to glory in their exploit. Prinzip said he had studied for a time at Belgrade.

He declared he had long intended to kill some eminent person from nationalist motives. He was awaiting the Archduke at a point where he knew the automobile would slacken speed, turning into Franz Josef strasse. The presence of the Duchess in the car caused him to hesitate, but only for a moment. Then his nerve returned and he emptied his pistol at the imperial pair. He denied that he had any accomplices.

Prinzip is 18 years of age. Nedeljo Gabrinovics is 21. He told the police he had obtained the bomb from anarchists at Belgrade, whose names he did not know. He denied also that he had accomplices and treated the tragedy with cynical indifference.

After his unsuccessful attempt to blow up the imperial visitors Gabrinovis sprang into the River Milijachaka in an effort to escape, but witnesses of his crime plunged after him and seized him.

A few yards from the scene of the shooting an unexploded bomb was found, which, it is suspected, was thrown away by an accomplice after he had noted the success of Prinzip's attack.

VILLA AND CARRANZA

Situation Between Constitutionalist Leaders Said to Be Acute.

Juarez, Mexico, June 29.—That Gen. Villa's break with Gen. Venustiaso Carranza has again become acute, was the interpretation placed by Constitutionalists on the rebel chieftain's action yesterday in suddenly withdrawing his entire army from the Zacatecas campaign. It is stated by men high in authority here that Villa ha sent an ultimatum to Carranza and that all his military operations will cease pending a reply.

Villa and his staff returned to Torreon yesterday. He announced that his 17,000 soldiers nad also been ordered back there. Dispatches said Villa explained his failure to push on to Queretaro, after finding Aguas Calientes evacuated, by declaring he had almost exhausted his ammunition.

GAVE CITY THE GO-BY

No Effort to Secure Signatures in Behalf of Prohibition Made Here.

Alexandria has evidently been given up as a bad job so far as a prohibition center is concerned. Although the past week was konwn as "petition week" in every part of the State and the prohibition adherents were busy securing signatures to the petition to the governor asking him to call the election on November 12th, for the purpose of voting on state-wide rohibition, no public effort was made to secure any signatures in Alexandria and so far as this city is concerned there will be few representatives among those who have petitioned the governor.

Despite the lack of work in Alexandria it is understood that the dry element have made great progress in all of the counties in this section of the state and there is no doubt but that a far greater number of signers than will be required have already placed their names to the papers. All petitions most be in the hands of the clerks of the various counties not later than July th.

LITTLE CHILD KILLED.

Distressing Accident Yesterday in Alexandria County.

Another sad accident took place near Alexandria yesterday afternoon about four o'clock when Charles Brawner, the three-year-old son of Charles Brawner, of Del Ray, was run over by Southern Railway Southbound passenger train No. 15, and literally cut in two. The child had been taken by a friend of his parents to the Armour ice station in a little go-cart, and, while no one was looking, got out of the cart and went across the track, when he was struck by the train. The remains were viewed by Dr. R. J. Yates who has not decided whether or not to hold an inquest.

Whereas baseball games are being played in the city on Sunday, Be it resolved, by the Wesley Bible Class of the M. E. Church South that it be put on record as condemning such desecration of the Sabbath.

And be it further resolved that a copy of this resolution be published in the daily paper.

MEXICO CAR CREATES MUCH INTEREST.

Since its arrival in Alexandria, the "seeing Mexico" exposition has had an almost constant stream of visitors, during its daily hours of exhibit, and all say they greatly enjoyed their "trip to Mexico." The car creates special interest just now when the wires are hot with news of the Mexican war. The photo exhibit in the car is fine. Some of the pictures are very large—in fact said to be the largest ever made. Some are on glass plates, so placed in the windows as to be unusually clear. There are pictures showing recent scenes on the battlefields; large views of the Mexican national palace, of the President's home at Chapultepec, of the streets of Mexico City, the public buildings, the people, etc. A picture showing a large gathering of Mexican society people at a banquet, is of interest, as ex-President Diaz, De La Barra, ex-Ambassador Wilson, ets., are in the group.

The car is stationed on Southern track, Duke street, near Fayette. Today nad tomorrow are the last days of exhibit.

ANOTHER ASSASSINATION.

The civilized world is again horror-stricken by the news of the murder of Archduke Franz Ferdinand, heir-apparent to the Austria-Hungarian throne, and his wife, the Duche of Hohenberg, who were ruthlessly shot down in the streets of Sarajevo Bosnia, yesterday. A bomb had previously been hurled at their motor car, which had been warded off by the archduke. The perpetrator of the murder is a printer, who has been feeding exclusively upon anarchistic doctrines.

In this connection it is stated that during the commune in Paris in 1871, one of the most rabid of the [illegible] compulsed Fr[illegible] period of its [illegible] country had been [illegible] to Germany. This ind[illegible] to the street and gave [illegible] following: "Should I ever reach heaven and find the Almighty an autocrat, I would plant cannon in the celestial streets and bombard the throne eternal." The wielder of the bomb and pistol in the streets of the Bosnian city is doubtless of the same genus.

Franz Josef, uncle of the unfortunate prince, has been called the Emperor of Sorrows. The "curse of the Hapsburgs" is said by the superstitious to have followed his kin. The "curse" was pronounced by the aged Countess Carolyn, whose son was put to death for participating in the Hungarian uprising. She called upon heaven, and hell to blast the happiness of Franz Josef and strike him through those he loved. Thus he has been stricken: His wife, "the good Elizabeth," was assasinated in Switzerland. His brother, Maximilian, was executed in Mexico. His only son, Rudolf, was a suicide. His sister-in-law, the Duchess D'Alencon, was burned to death in a charity bazaar in Paris. His favorite grandchild married against his wishes and her love ended in the shooting of her rival. And now—His nephew, the Archduke Franz Ferdinand, and his wife, the Duchess of Hohenberg, have been assassinated in the capital of Bohemia

Offer to Pay For Samose if it Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good .

Samose, the remarkable flesh-forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation so that when taken for a short time Nature will soon assert her normal powers,and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggists, E. S. Leadbeater & Sons, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin,weak out of of health to get a box of Samose from them on those terms.

Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps, but it seems that something more is needed to stop the cough and sweats and arrest the progress of disease. Eckman's Alterative, after many years of use, is known to be most beneficial in bringing about relief. In many cases complete recoveries. Investigate this case:— Schell City, Mo.

"Gentlemen: I had a terrible cough, night sweats and pleurisy in my lungs. A man who heard me coughing advised me to take your Alterative. I paid no attention to him then. I got so bad the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith whatever, but before I had taken three bottles, I could eat anything. Fever and night-sweats stopped and for over a year I have been well and in better health than I ever was."

(Affidavit). W. F. ROMAR.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

NEWBRO'S HERPICIDE SAVES THE HAIR

And Keeps You Looking Young

Don't look older than you are. It is just as easy to look younger. While lack of hair or poor hair is not always an indication of age, it is frequently accepted as such.

A person well advanced in years possessing a good head of hair is always spoken of as "well preserved."

Everyone can retain beautiful, luxuriant hair if they make the effort. In almost every instance poor hair or the loss of hair may be traced to the activity of the dandruff germ. Newbro's Herpicide prevents the scale-like accumulation and puts the scalp in a perfectly healthy condition. With the elimination of the dandruff the hair no longer drops out. The itching of the scalp stops almost at once.

Newbro's Herpicide is the remedy for which there are many substitutes, preparations claimed to be "just as good." You don't have to accept a substitute. Insist upon having genuine Herpicide.

Sold and guaranteed, and your money back if not satisfied.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui, It will help you. At all druggists.

They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfastory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

RICHMOND VICTORIOUS.

City Wins Virtually all Claimed in Annexation Case.

Richmond, June 29.—Richmond won a complete victory in Henrico county Circuit Court Saturday when Judge A. A. Campbell handed down his decision in the annexation case. The city got practically everything it asked for in the line of territory, only a few changes being made by the court in the decree handed down. In the far northeast some contraction was made the line was brought in somewhat on the west, and only a slight modification was made on the north.

The line on the south, going into Chesterfield county, is in conformity with the agrement made between commonwealth's attorney Haskins Mobson and City Attorney Pollard, in view of the few grounds of exceptions during the annexation hearing It is not believed Henrico county will take an appeal.

WOULD OUT CONSTABULARY.

Judge Coleman Asks Norfolk County Force to Resign.

Norfolk, Va., June 29.—Judge W. C. Coleman, of the Norfolk County Circuit Court, has asked for the resignation of the entire constabulary of Norfolk County. There are 50 men on the county force, and most of them are identified with the fusion Democrats.

Judge Coleman before his elevation to te Circuit Court bench, was identified wit hthe straight-out factioon of the Democratic party. One of his first acts after becoming a judge was to appoint Magistrate Bragg, who convicted the bookmakers arrested in the raid on the Jamestown Jockey Club race track last April. Prior to his decision bookmakers' arrested by the county officers had been tried by other magistrates and acquitted.

When Judge Coleman ascended the bench in Norfolk County several members of the county force resigned. No wthe judge has asked for the resignation of all members of the forc and he wants them by next Wednesday.

Shot to Death.

John A. Burbank, president and treasurer of the Samuel Mintz Hardware Company, of Dotriot, Mich., was shot to death in Hancock avenue, early yesterday. Less than a block away the body of an unknown man, also shot was found.

In Burbank's right hand a revolver with three empty chambers was grasped. A pistol with five empty cartridges was fund near the unknown man's body.

The police theory is that an attempt was made to hold up Burbank as he was returning home, that he refused to surrender the money in his possession and the duel to death followed.
